

Steen Sönnichsen starts in December

***Westfleisch is expanding its management team /
Strengthening of the Meat and Sales division / Experi-
enced industry expert gained***

Münster. Steen Sönnichsen (50) starts his work at Westfleisch on December 1st. He completes the management team of Westfleisch SCE. “I especially look forward to the close cooperation with our agricultural partners”, Sönnichsen pointed out in view of his future tasks. “I will put my energy in the further positioning of Westfleisch as an internationally company.”

Sönnichsen is a proven branch expert with more than 30 years of industry experience. As equal executive member, he takes charge of the “Production, Sales Fresh Meat and Purchase” divisions.

Carsten Schruck (43) will continue to lead the management fields “Finance, Human Resources and Strategy” and Johannes Steinhoff (53) is responsible for “Processing and Engineering”.

With the additional member, the cooperative is establishing a management structure, which will be commensurate with the size and market significance of the Westfleisch-Group.
